Spanish lessons

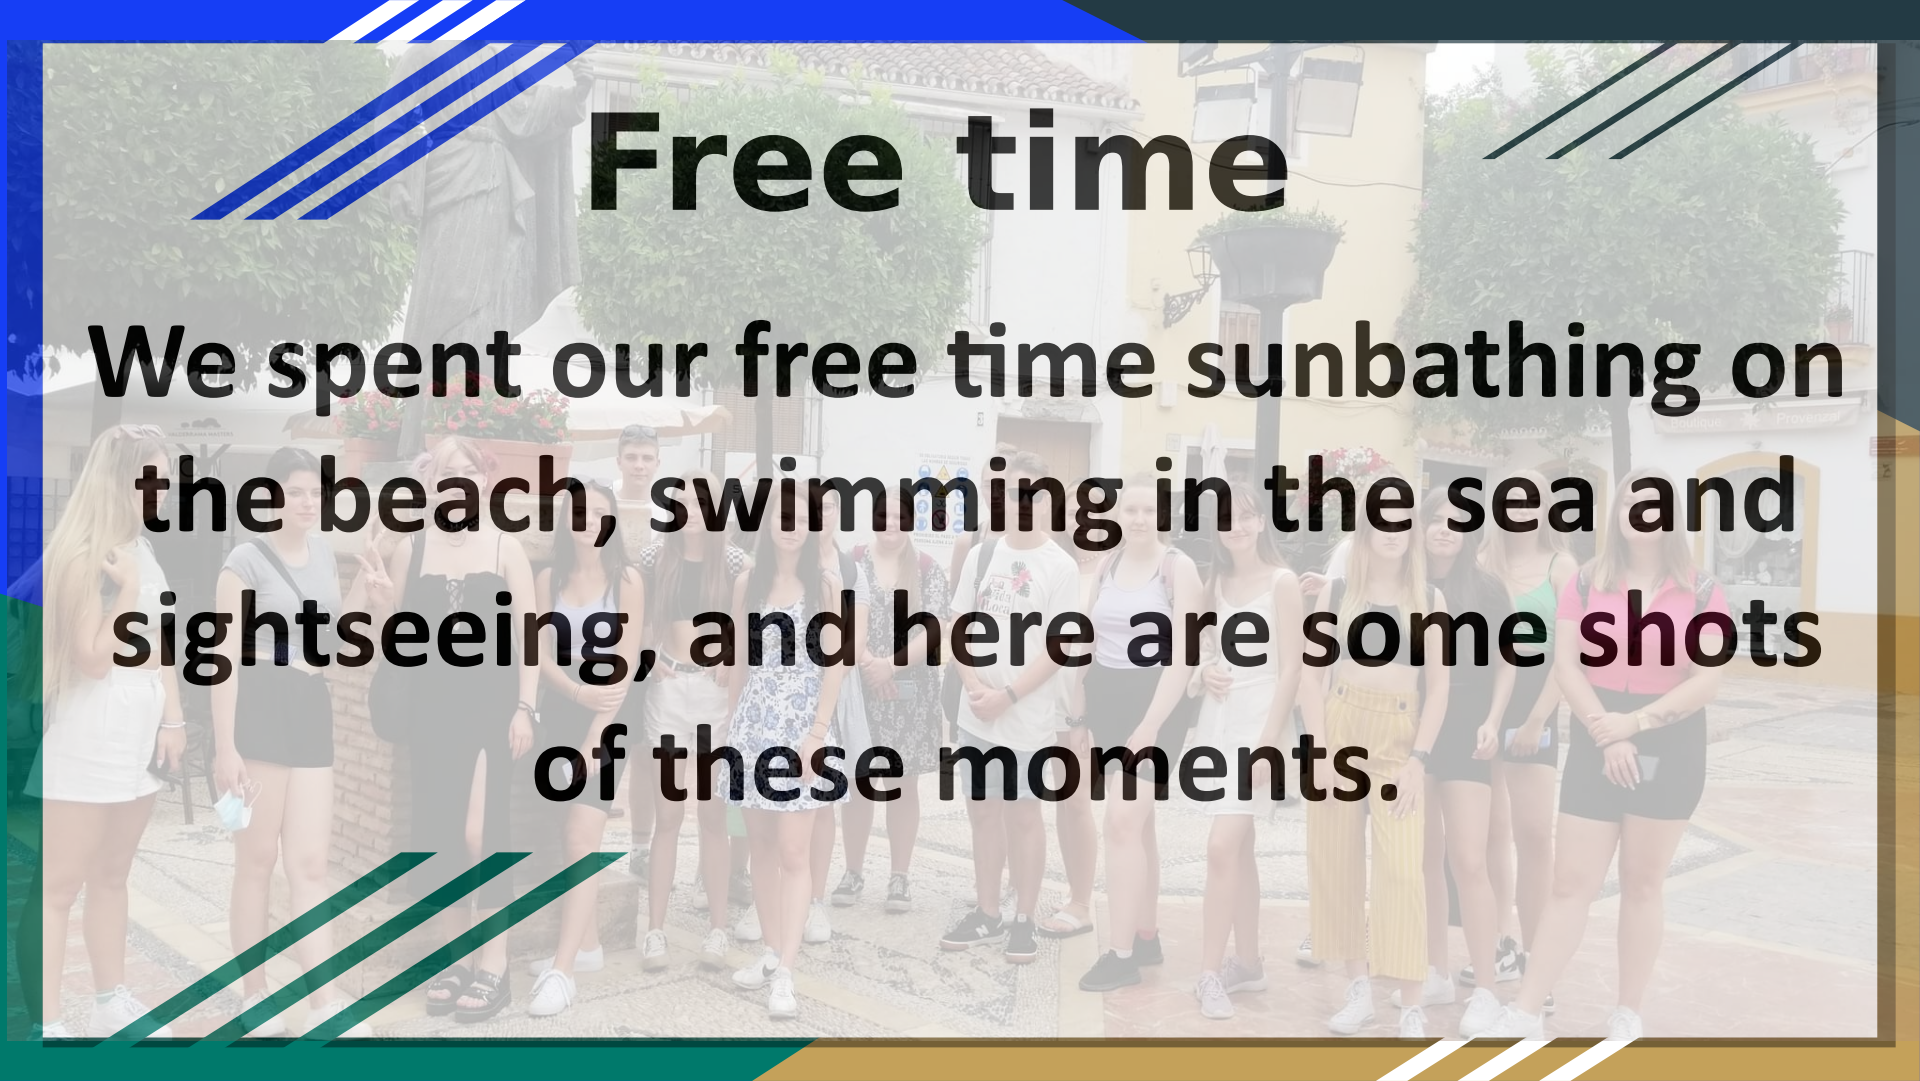

During the Spanish lessons we learned the basics of this language and by the way we visited museums and we could try traditional Churros.

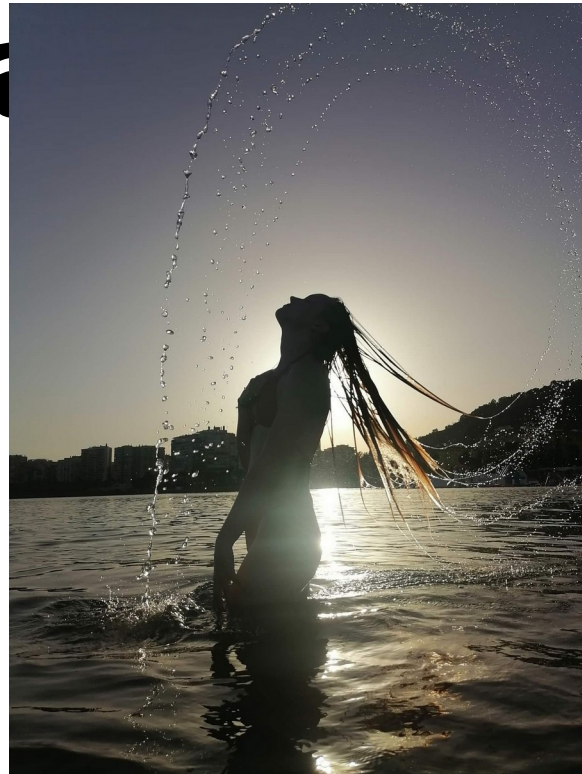

Free time

We spent our free time sunbathing on the beach, swimming in the sea and sightseeing, and here are some shots of these moments.

Playa de la

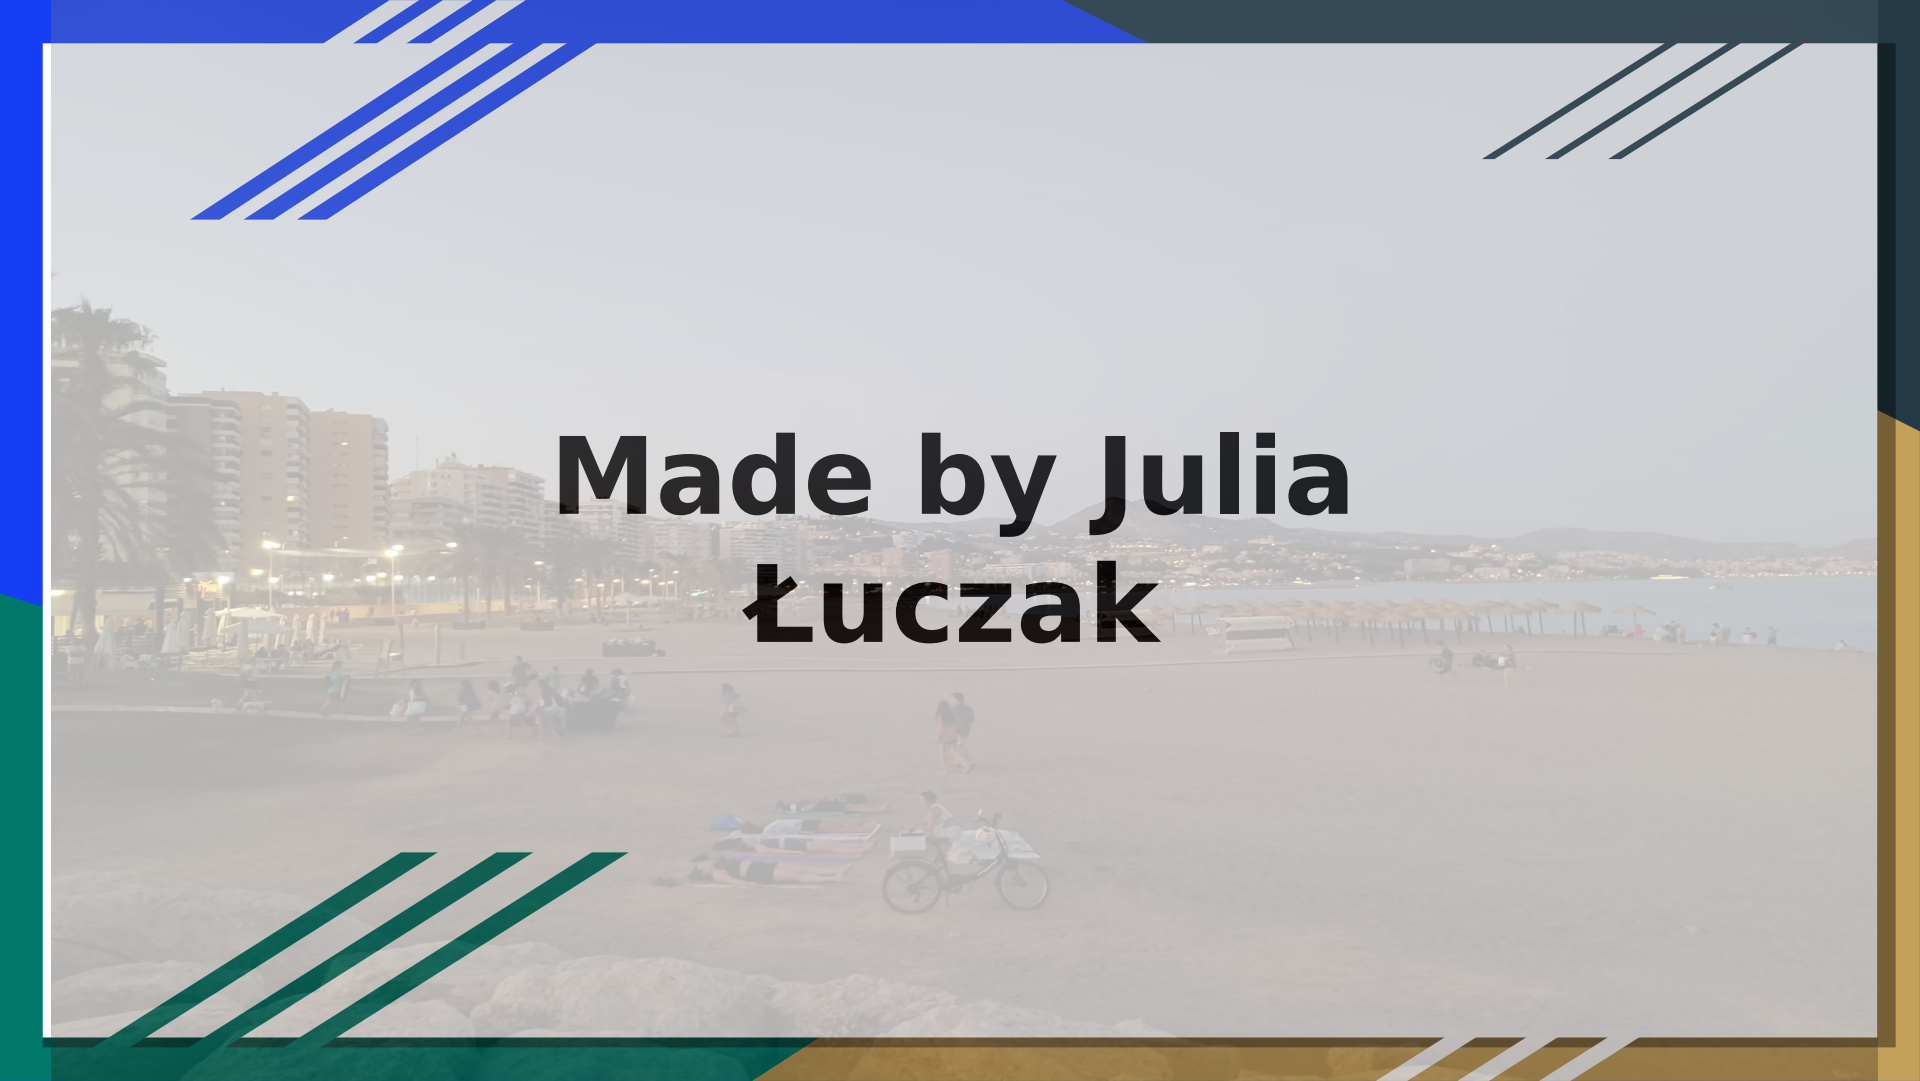

Szczyt Mirador i Zamek

Gibraltar

Marbella i Puerto Bounce

A wide-angle photograph of a beach at dusk. In the background, a city skyline with several tall apartment buildings is visible under a twilight sky. Palm trees line the promenade. The beach is sandy and populated with people; some are sitting on towels, others are walking. A person is standing next to a bicycle in the foreground. The sea is visible on the right side. The image is framed by a semi-transparent grey rectangle with blue and green diagonal stripes in the corners.
